Submitted,

In reply to this Office no. 3097 dated 12th October 1900, asking the Comptroller to remit the sum of Rs 18-2 for transmission to the Residency on account of the undercharge in freight on the opium consignment supplied in July last, the Comptroller says that the usual draft on the Bank of Bombay at Indore could not be obtained from the Bank of Madras on the ground that the ~~Bk~~ branch Bank, at Indore ~~has~~ has been closed, and requests to be informed how ~~the Comptroller also suggests~~ the present & future payments on this account should be made.

He also suggests that the Resident may be asked to permit such payments to be made into the Resident's treasury at Bangalore in cash and remittance sent to Deputy opium agent in Malwa by means of Remittance Transfer Receipts or by adjusting through the account with the Accountant General, Madras.

(1)

The question of granting the privilege of sending remittances by means of R. T. Receipts by the Darbar and (2) remitting the money in cash to the Resident's Treasury - in the manner now suggested by the Comptroller - had already formed the subject of some correspondence between the Darbar & the Residency in 1892 & 1894, and in the final settlement, the former alternative ~~was cancelled~~ (viz the privilege of granting R. T. Receipts) was cancelled by Govt of India (vide serial no 44 Section III of opium file) and the latter was objected to by the Resident (vide Sl no 4 section II of opium ~~file~~ file no 341 of 1892-93).

The final procedure ~~then~~ suggested by the Resident & adopted by the Darbar was that a draft on the Bank of Bombay at Indore should be obtained & sent through the Residency with the application for the required supply of opium. The same practice continued till now. (para 2 Sl no 4 Section II opium file no 341 of 92-93)

Since the Bombay Bank at Indore has closed, the question as to how payment should be made in future on account of opium purchased by the Darbar - has again been raised.

Copy of letter No.318 dated the 11th February 1901 from the Honorable Mr.G.S.Forbes, I.C.S., Secretary to the Government of Madras, to the Honorable the Resident in Mysore, Bangalore.

I am directed to inform you that it has been decided to prohibit the import of opium on private account from Malwa into this Presidency, to purchase such quantity of it as may be required from the Bombay Opium Warehouse, and to issue it to farmers and shopkeepers from two Government depots one at Madras and the other at Rajamundry. It is understood that supplies for Mysore do not now pass through this Presidency. In view of preventing the smuggling of opium on the pretext of its import into Mysore, it is proposed formally to prohibit its passage through the Presidency, I am to request that you will be good enough to ascertain from the Durbar at a very early date whether it has any objection to the proposal.

No.923. Dated 23d February 1901.

Copy of the foregoing letter is forwarded to the Officiating Dewan of Mysore for the favor of remarks at his early convenience as a very early reply to the Government of Madras is desirable.

2. The Resident would be glad to have exact information concerning the routes by which opium is now imported from Malwa.

I do not recall any agreement between the Board and the Commissioner as to what the Commissioner sent over when a requisition [illegible] him in lieu of the Comptroller's publication.

But a more important question which seems to have been lost sight of by the office is whether the Board acted for the President when the latter from the Yosemite by the 26th July was really now negotiating the loan mentioned in

letter in continuation of his letter of 3 Jan'y 1902. Upon receipt of the latter letter, we wrote to the President on 7/2/02 (Ltr No 257) - He replied in 257a intimating the selection of 5 chests (10 half chests) of opium - This was intimated to the Comptroller on the 27 Idem. The President's letter not dated but received on the 29th Idem seems to have been written before the receipt of the Comptroller's communication of 7 Jan'y. I am not sure that the Governor related to the identical bubbly - Two such large bubbles were not likely to be required, and almost

Submitted,

The practice in vogue hitherto was ~~that~~ that when making an application for the supply of opium, the probable cost thereof used to be first advanced by means of a draft drawn by the Madras Bank on the Bank of Bombay Indore favouring the Deputy Opium Agent in Malwa. After deducting the actual cost from the advance, the balance if any used be returned, and in case the advance fell short, a draft drawn as above would be sent to cover the balance due by the Mysore Government.

When the Bombay Bank Branch at Indore was closed, the First Asst Resident was addressed as to the method of paying the price of opium and in reply he has suggested that payments may be made by supply bills obtained from the Residents' Treasury at ~~Agalore~~ Bangalore

Now the point for consideration is whether or not the probable cost should

Dear Sir,

In reply to your kind letter of the 29th April, I beg to append the replies to the different queries put therein below —

8

Opium, how indented for

The Huzur Treasury Officer applies to the Comptroller, who sends his indent to the Secretary to Government. This is forwarded to the Opium agent, through the Residency. The Comptroller does not apply direct.

2 Examination of seals in each half chest

The Shroff or Golla of the Huzur Treasury who goes to the Railway Station to fetch the chests examine the seals of each chest there, and after they are brought to the Treasury the seals are again

examined by the Officer in charge of the Treasury.

3. Checking the weights.

The gross weights of each chest are entered by the Deputy Opium agent in the invoice sent by him. These entries are verified by the Officer in charge of the Huzur Treasury, as soon as the chests are received, and the particulars of each consignment are entered in a Register. When indents are received for sufficient quantities the chests are forwarded unopened to District Treasuries, where they are examined when opened, quantities registered, and reports sent to the Comptroller. Where indents for smaller quantities than a half chest are received, the chests are opened, and the contents weighed and registered. The Residents Treasury also gets its supply from the Huzur Treasury here.

4 Who receives the passport ?

The Comptroller receives

direct from the Deputy Opium Agent an invoice with a railway receipt. He passes both the documents on to the Huzur Treasury Officer, who clears the goods from the Railway Station

passport for inspection

No "passport" is received. It is only an invoice – a specimen of which is herewith submitted – to be kindly returned after inspection.

Record of checks & precautions.

A Sheroff or Collar is sent to the Railway Station to take delivery, no Guard is sent to escort the consignment, which is brought directly to the Huzur Treasury. Full records of the receipts of these chests, and their issues from time to time are maintained in all the Treasuries including the State Huzur Treasury having such transactions. The monthly balances are verified by the Comptroller or other inspecting

officers in the Huzur Treasury and by the Deputy Commissioner, Amildars or other inspecting officers in the district and taluk treasuries

J. Zone of delivery.

The invoices and railway receipts are in many cases received before the goods arrive in the railway station. In these cases, there is no delay whatever, as a man goes every day till arrival to the railway station, and the clearance is effected as soon as the goods are received here. In some rare cases however the consignment is received before the invoice and receipt arrive by post. The railway officials give intimation of the receipt of the consignment at once to the Comptroller, and on application deliver the goods even before the railway receipt can be given up.

is is the only delay that ever occurs in taking delivery.

SIR,

With reference to your docket No.3097/Ex.F.195 without date, I have the honor to report that the Bank of Madras Bangalore has on application for a draft for Rs.18/2 on the Bank of Bombay, Indore intimated to this Office in his letter No.73/78 dated 19th. October that he is unable to grant the required draft as the Bank of Bombay Branch at that place has been closed. Such being the case, I beg to be informed how the present and future payments to the Deputy Opium Agent in Malwa on account of quarterly supplies of Opium obtained for the Mysore Government are to be made.

The Hon'ble the President' ~~Treasury~~ may be asked to permit such payments to be made into his Treasury here in cash and remittance sent to the Deputy Opium Agent in Malwa by means of Remittance Transfer Receipts or by adjusting through the account with the Accountant General Madras.

The annual payments made on account of Opium supplied amount on an average to Rs.20,000/- which if remitted by postal money orders the remittance will go direct to the Deputy Opium Agent and not through the Residency with the Indents for the drug as heretofore and which will entail an

(P.T.O.)

additional charge of Rs.200/- on account of commission @ 1% which the Post Office charges.

With reference to your letter No.6419/486-99 dated 6th December 1900, I have the honor to inform you that I have instructed the Officer in charge of the Honorable the Resident's Treasury at Bangalore to issue supply bills to the Mysore Durbar on the Indore Treasury to the extent of Rs.20,000/- a year at a premium of 4 annas percent on account of the cost of Malwa opium. The delay in the issue of orders is due to the necessity of obtaining the orders of the Comptroller-General on the proposal, the treasury at Indore being under his orders.
